

We are happy to announce that we have expanded our Aesthetics services to best respond to our patient needs. Our Aesthetician, Jennifer Helberg, is happy to provide a complementary consultation and answer any questions you may have about our services and our skin care product line. She is certified in Laser hair removal and microdermabrasion. Jennifer is located in our Rochester Office.

Skin Care Consultation

Allow our Aesthetician to guide you to the correct services and products to achieve your skins goals and concerns.

HydraFacial

Utilizing HydraFacial unique vortex technology will allow your HydraFacial treatment to easily and painlessly dislodge and remove impurities. Bathe and clarify the skin with hydrating peptides while simultaneously infusing it with powerful anti-aging, brightening, reparative antioxidants and serums. Sit back and admire the remarkable results that only a HydraFacial will give. Bright, hydrated healthy skin.

Laser Hair Removal

Laser hair removal is an FDA approved hair reduction treatment. The treatment removes unwanted hair from the face and body. A beam of highly concentrated light impends the ability of growth of the hair follicle.

Microdermabrasion

Microdermabrasion is a treatment that rejuvenates the skin by removing the outermost layer. The treatment helps to improve fine lines, wrinkles, pigment correction and acne scarring by stimulating the production of new collagen. This safe and effective treatment is done with little or no down time.

Chemical peels

Chemical peels improve the appearance and texture of the face and décolletage by lightning and smoothing the surface revealing fresh beautiful glowing skin. Chemical peels will also address acne by reducing sebum production and helping to lighten the appearance of scarring.

MicroPeel

By combining microdermabrasion and the proper chemical peel, maximum results can be achieved to correct or enhance your skin.

Refresher Facial

Let our Aesthetician cleanse, analyze, extract, and mask your skin. A treatment plan with products will be recommended as well.

Ultimate Facial

Allow our Aesthetician to cleanse, analyze, exfoliate, massage, perform extractions and apply an appropriate treatment mask to address your skin's personal needs. This relaxing and soothing time will allow you an opportunity to discuss any skin care concerns you have and how we can meet your needs.
